PROFESSIONAL SUMMARY

Results-driven **Full Stack Developer** with hands-on experience in developing responsive, scalable, and user-centric web applications. Proficient in modern technologies including **React.js**, **Node.js**, **Java**, and **SQL**. Demonstrated ability to deliver optimized solutions through **internship experience** and **project implementations**. Strong foundation in both **front-end** and **back-end** development, with a focus on creating **high-performance applications** and **seamless user experiences**.

TECHNICAL SKILLS

- **Programming Languages:** JavaScript, Java, HTML, CSS, SQL
- **Frontend Development:** React.js, Tailwind CSS, Redux (State Management)
- **Backend Development:** Node.js, Express.js, Nest.js, RESTful APIs
- **Databases:** MySQL, MongoDB
- **Tools & Platforms:** VS Code, Git, GitHub, Postman
- **Other Skills:** Agile Development, API Integration, Performance Optimization, Secure Authentication

PROFESSIONAL EXPERIENCE

Software Development Intern

Pando India Software Consultant

[July 2024 - Oct 2024]

- Led backend development for the **EASY DOCUMENT** project, implementing robust APIs and scalable database architecture.
- Engineered responsive user interfaces using **React.js** and **Tailwind CSS**, enhancing user experience across multiple devices.
- Optimized backend performance using **Node.js** and **Express.js**, resulting in a **30% improvement in response times**.
- Contributed to the development of **XBINLEGAL**, integrating **Mailgun** for automated email functionality and implementing secure authentication mechanisms.
- Enhanced database query performance and ensured scalable data handling for the **XBINLEGAL** platform.

Software Development Training

SR Institute of Management and Technology

[July 2023 - Sept 2024]

- Developed a full-stack **E-Shop** application using the **MERN stack**, implementing complete e-commerce functionality including product listing, cart management, and payment integration.
- Implemented comprehensive **CRUD operations** using **MongoDB** and **Postman** for API testing and validation.

NOTABLE PROJECTS

Easy Document

<https://easydocuments.com/>

- Developed **RESTful APIs** for document conversion services, including **PDF to DOC**, **DOC to PDF**, and **PDF compression**.
- Implemented efficient file processing algorithms to handle large document conversions seamlessly.
- Integrated secure file upload and download functionality with robust error handling.

XBINLEGAL

<http://xbinlegal.pandoconsultants.com/>

- Architected and developed a full-stack web application using **Node.js** and **React.js**.
- Integrated **Mailgun** for automated email functionality and implemented secure authentication using **JWT**.
- Optimized database queries and implemented efficient data structures, improving overall platform performance.

Mini Weather App

<https://mini-weather-app-by-kaif.vercel.app/>

- Developed a lightweight weather application using **React.js** and **OpenWeatherMap API**.
- Implemented real-time weather updates and location-based weather information.
- Designed a clean and intuitive user interface using **Tailwind CSS**.

Code Reviewer

<https://github.com/mkali00001/CodeReviewer>

- Built a **code review tool** that analyzes and provides feedback on code quality, readability, and best practices.
- Integrated **GitHub API** for seamless code repository integration and automated review processes.
- Implemented features like **syntax highlighting**, **error detection**, and **performance suggestions**.

EDUCATION

Bachelor of Vocation in Software Development

Dr. A. P. J. Abdul Kalam Technical University, Lucknow

2021-2024

CGPA: 9.6

Intermediate (Commerce Stream)

Vidyashahi Kanar Inter College, Lucknow

2019-2021

Percentage: 70%
